CAREER SUMMARY

Motivated and detail-oriented Backend / Full-Stack Developer with hands-on practice in PHP, Laravel, MySQL, and Vue.js. Skilled in building and maintaining responsive, data-driven web applications following Agile and SDLC principles. Proficient in RESTful API development, database design, and frontend integration using Vue.js and Bootstrap. Passionate about applying technical and analytical skills to real-world projects through internships, freelance collaborations, or remote opportunities. Dedicated to continuous learning, clean code, and delivering scalable, maintainable solutions.

EXPERIENCE / PROJECTS

FullStack-Development - PHP - LARAVEL (Summer Training – ITI – 1 Month) JUL 2024 – AUG 2024

FrontEnd-Development - VUE.JS (Summer Training – ITI – 1 Month) JUL 2025 – AUG 2025

Software-Testing (DEPI – 6 Months) JUL 2025 – DEC 2025

Platform for Candidates and Employers JUL 2024

- Developed a LinkedIn-inspired web platform using PHP Laravel and MySQL
- enabling user profiles and job postings.
- Designed responsive UI using HTML5, CSS3, and Bootstrap

Dashboard for Business company – Freelancing JAN 2025

- Modified Using Html 5 , CSS 3 ,BootStrap ,VUE.js

- Developed Front End Using HTML5,CSS3,JAVASCRIPT [EC6],Vue.js(SPA FrameWork),VueRouter,Pinia(StateManagement)
- Developed BackEnd Using PHP,Laravel(FrameWork),Microsoft SQL DatabaseManagementSystem

SKILLS

FrontEnd-Development :

**HTML5 – CSS3 – BootStrap – JavaScript – EC6 – VUE.js –PINIA - Routing (Vue Router) - API Integration (Axios / Fetch)
Performance Optimization – singlePageApplication - Component-based Architecture**

BackEnd-Development :

**PHP – LARAVEL – MYSQL - RESTful APIs / Integration - Authentication & Authorization - MVC Architecture -
Database Optimization / Query Performance - Error Handling /Exception Management**

Software-Testing :

**Manual Testing - API testing with Postman – Regression Testing - Functional / Non-Functional Testing - Unit Testing
Automation Testing (in progress) - Selenium (in progress) – Mobile Testing (in progress) – DataBase Testing (in progress)
Test Cases – Test Plans -Test Scenarios – Bug Reporting – Test Summary – Documentation -Bug Tracking (Jira) (in progress)**

Tools :

Git - Git Hub - Postman

Others :

SOLID Principles - SDLC – STLC – AGILE – ProblemSolving – CI - CD – Design Pattern (inProgress)

CERTIFICATIONS

- Full-Stack Development using PHP Laravel – ITI	JUL 2024
- Database Fundamentals – ITI	JUL 2024
- Introduction to Software Testing Concepts & Techniques – ITI	JUL 2025
- Front-End Development using Vue.js – ITI	AUG 2025
-Software Testing – DEPI (In Progress)	DEC 2025

Education

Bachelor's Degree in Computer Engineering and Telecommunication

Higher Institute of Engineering and Technology, Tanta

2021 – present

LANGUAGES

- Arabic (Native)
- English (Intermediate)

SOFT SKILLS

- Team Collaboration
- Analytical Thinking
- Work UnderPressure
- Adaptability
